
MORELL MATTERS

MORELL RECEPTION CENTER

As many of you remember, in the aftermath of hurricane Fiona, Morell Reception Center located at the Morell Fire Department Building, was open for seventeen days to those negatively impacted by the hurricane. Our firemen and other community volunteers worked tirelessly to provide shelter, hot meals and even entertainment to people of Morell and surrounding areas affected by power outages and damage caused by the hurricane.

Recognizing importance of upgrading public safety infrastructure, federal, provincial and municipal governments provided funding to renovate our reception center, which also serves as an operational command center during emergencies. The Council would like to extend special thanks to our funding partners for their generous support. Special thanks go to local contractors and volunteers who agreed to contribute their skills on short notice to ensure we stayed on budget and on schedule.
